Lamicolor Compact Laminate is stocked in a range of colours, cores, thickness, finishes and sheet sizes.

Core relates to the edge profile.

Single Core

Multi Core

Both single core and multi core are available in a range of edge profile colours.

Lamicolor Compact Laminate is manufactured in a range of thicknesses from 2 mm to 20 mm.

Lamicolor's unique finishes provide a modern and durable surface structure. The choice of the WRACKY surface structure provides the highest SCRATCH RESISTANT and GRAFFITI RESISTANT performance.

A range of sheet sizes are also available.

Please refer to the [Lamicolor Availability Chart](#) for full details on stocked range.

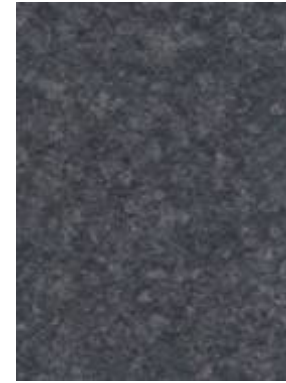

In addition to the Availability chart a larger range of other decors and thicknesses can be indented from Italy to order.
